Life in Ruins

Super Kids

Bird Brain

Vanessa's View

Life in Ruins is my surrealist collage that depicts our life today with its many mishaps and misunderstandings. From fast food to money to plastic surgery; obesity or gluttony to greed to ugly. People need to get back to reality and stop fighting over materialistic and unseen things that we have no control over.

AJ's Perspective: *Bird Brain* is my surrealist collage that depicts our life today with its many mishaps and

misunderstandings. From fast food to money to plastic surgery; obesity or gluttony to greed to ugly. People need to get back to reality and stop fighting over materialistic and unseen things that we have no control over.

Gian's Thoughts: *Super Kids* is my surrealist collage that depicts our life today with its many mishaps and misunderstandings. From fast food to money to plastic surgery; obesity or gluttony to greed to ugly. People need to get back to reality and stop fighting over materials.
