

The Surreal Students

Date: March, 2011

Volume # 1 Issue # 1

Surrealism and Art to Me

Vanessa's View

Life in Ruins is my surrealist collage that depicts our life today with its many mishaps and misunderstandings. From fast food to money to plastic surgery; obesity or gluttony to greed to ugly. I feel people need to get back to reality and stop fighting over materialistic and unseen things that we have no control over.
